

Name: _____ In-Class Day (Monday or Wednesday): _____

Imagine yourself as a teacher and think about what it looks like to teach with technology. Please draw a picture of what you see.

Use these questions to help you think about what you draw:

- What people are present in your drawing? Why?
- What are the people doing, and why did you draw them doing what they are doing?
- What are the relationships between the different people?
- What technologies are present, and what purposes do they serve?
- What kinds of rules and expectations are there in your drawing? What classroom norms are necessary to make your drawing a reality?
- What will the people in the drawing get out of this experience you drew? What are the outcomes?
